Playgroups

Our **PLAYGROUPS** give children the opportunity to build social, motor, and cognitive skills with developmentally appropriate activities through play. Our hope is that caregivers will gather ideas and recreate them at home to continue to BUILD development with the children. We are also blessed to be able to use these playgroups as an opportunity to teach children and caregivers about Jesus.

PLAYGROUP TESTIMONY

Building All Children playgroups are full of Pinterest-able developmental activities for young kids where someone else has found the idea, bought the materials, and put together the activity.

I just bring my kid!

I found Building All Children through a google search while looking for things to do with my one-year-old soon after we moved to Tulsa. That was three years ago. Since then, playgroup has given me new ideas of cheap ways to play with my daughter and build development. She loves to pretend play "playgroup" and teach her stuffed animals the motions to "The More You Get Together the Happier You'll Be". Now, I have a vibrant 4-year-old who loves to socialize, be read to, and is always up for an adventure. Building All Children is play-based learning at its finest!

-Elizabeth

Moms & Mentors - M&M's

Who doesn't love M&M's?!

We know that our Moms need Mentoring, and we desire to pour into our families so they can BUILD strong homes and raise their children. We have been waiting for the space to launch our Moms and Mentors program. We have the space now...but we need YOU! We are looking for women who feel led to teach, mold, and guide other moms. Please let us know if this is something you want to help BUILD!

VOLUNTEER WITH US!

This summer volunteers helped us move into our new space at The Development Center and what a blessing to have so many people in the community invested in Building All Children. With that being said, we are looking to the future! The Development Center is providing many new volunteer opportunities. Please look at the areas where we need help! Tiny Town will be opening soon, and we will need volunteers to assist families and children to PLAY, EXPLORE, and LEARN. There is also a need for playgroup volunteers. Playgroup volunteers are an important part of what we do here at BAC. You can contact us at Volunteer@buildingallchildren.org for more information about volunteering!

TINY TOWN

We are so excited to open Tiny Town and announce Gayla Cox as our Tiny Town Coordinator! Building All Children has created a Tiny Town for your children. We want them to step into Tiny Town to PLAY, EXPLORE, and LEARN.

Assessment and Resource Process

We are seeing a lot of new families entering our assessment process and what a joy to connect them with resources to help BUILD development!

Our child development team is thrilled to each have their own Assessment and Family Conference room, which means they can now serve substantially more families in the new space! Please continue to pray for the families that enter the program and that the Lord will guide us as we serve them!

FALL/WINTER EVENTS...MARK YOUR CALENDARS!

PLEASE CALL 918-398-6127

JOIN US IN PRAYER FOR...

- ***New families:** they will find hope and not be discouraged.
- ***Students & Teachers:** this school year to be blessed
- ***BAC staff:** continued focus on serving new & previous families with our whole hearts.
- ***Our new BUILDing:** things to be complete and allow us to fully utilize the space to love and serve others.
- ***Our Fundraiser:** it would bring more funding to continue serving families and that the stories shared will touch others.

Lemonade Stand Fundraiser Update

We recently wrapped up our first "Kids Building Kids, One Lemon at a Time" family fundraising project! We had over 40 local families host a neighborhood lemonade stand to raise funds for BAC and share with their friends and neighbors about what we do at Building All Children.

We look forward to doing this project again next summer! Mark your calendars for Summer 2023 as we build families, one lemon at a time!

YOU'RE INVITED TO BE PART OF OUR STORY...

Building Readers

Building Readers has been busy TEACHING over thirty children one on one this past summer. We've been ringing the bell all summer with graduates and celebrating our students achieving grade level scores on post testing. The Building Reader's program takes commitment, hard work and family's involvement. We see BIG results because we are a team. We pray often and we are seeing children become successful readers because of their hard work, specific needs being met, and BUILDing the correct skills for success!

We couldn't do this without your support...please let us know if you want to BUILD a child for success? Support Building Reader!
